What's for lunch today?

Melissa Watson is eleven years old and she is from Scotland. She has got a blog called **"What's for lunch today?"** A lot of people visit her website to know about what she eats in the school canteen every day.

Let's see what's on the menu for today!

Today is Monday... All the students love Mondays! It's a special day because it's lasagne day! The menu for today is carrot soup to start and meat lasagne as the main dish¹. It's delicious! For dessert we have strawberry jelly or some fruit. I like eating jelly and fruit but I prefer ice cream for dessert! We have bread and salad, too. Students can drink lemonade but some don't like drinking lemonade very much, so they drink water!
