Fast Layne

Fast Layne is an American television series created for Disney Channel. It tells the adventures of Layne, Zora, Cody and Mel, and VIN, a smart talking car.

The four friends live in the town of Cedarville. Layne Reed is a smart and an active girl. She is only 12 years old, but she is Cedarville Middle School president.

Zora Morris is Layne's neighbor and best friend. Cody Castillo is a boy from school with a talent for fixing cars; he is Layne's love interest. Mel is Layne's younger cousin. He is nosy and he is always trying to discover what Layne and Zora are doing.

Layne's parents are two brilliant scientists who create VIN, the intelligent car. Cheryl is her mother. She is tall and slim. She has got wavy, brown hair and brown eyes. She is very intelligent and hard-working. Rob is her father. He is tall and slim, too, and he has got short, brown hair. He is very smart and patient. Betty is Layne's aunt and Mel's mother.
