I like doing this because it's important
for our planet, it's easy and fun.

First we should reduce – for example – use less
water when we shower or while we brush our teeth.
We can reuse some materials, like old clothes or
shoes, right?

And we should also recycle. I recycle paper, glass,
metal and plastic.

What about you?

Are you doing the three Rs?

We help PROTECT THE PLANET!

Don't forget that.
