5. are taking; aren't watching 6. isn't running; is dancing

Part 1

Hello! I'm Deborah and my twin brother is Andy. We are in the same class, but we like different subjects. I love science, but geography is my favourite subject. I love maps and learning about other places on Earth. Andy's favourite subject is art. He is very good at drawing.

I like French because I like learning new languages. My brother hates French.

Oh! And I love physical education because I love doing sports. Andy likes PE too. He loves music. I don't really like music because I'm bad at singing and playing the flute.

Part 2

On a typical Tuesday, students have English classes in the classroom.

Then, they go to the gym to have physical education lessons.

At lunchtime, they go to the canteen.

After lunch, they play on the playground or play sports on the sports field.

After the afternoon classes, they go to the library and choose a book to read.
