1.

Hello! My name is Svetlana. I'm 12 years. I'm from Russia, but now I live in Portugal. I get up at half past six in the morning. Then I brush my teeth. I have breakfast thirty minutes later and after I go to school on foot. School starts at twenty past eight and finishes at twenty to two in the afternoon. After school, I go to the park with my friends and we play hide and seek. It's very funny!

When I arrive home, I have a shower and then I do my homework. After that, I play cards with my younger sister. At eight o'clock, we have dinner together with our parents and we usually chat about our day. After dinner, we watch TV and I go to bed at half past nine because, as you know, I get up very early in the morning.

Part III - Possible Answer:

Ron gets up at nine o'clock every day and fifteen minutes later he takes a shower. At a quarter to ten he has breakfast with his family and then he brushes his teeth. At a quarter past ten he usually goes out to visit several different monuments, such as Big Ben, The London Eye or Buckingham Palace. At the moment, he is going to Madam Tussauds Museum.

At one o'clock he has lunch. Today he's having lunch in a local restaurant to try some typical food: fish and chips!

He usually spends the afternoon reading a book or taking a nap, but today he's shopping for souvenirs. At six o'clock, he makes plans for the next day and two hours later he has dinner. At half past nine, he watches a show at the hotel bar. At a quarter to eleven he has a bath and at eleven o'clock he goes to bed.
