Shanice & Andrea – a day in their lives

12-year-old identical twins Shanice and Andrea Nyandoro are the winners of *The Voice Kids UK 2023*. These twins from Leicester are difficult to distinguish¹ as they have got the same long black hair, the same eye colour and the same smile. Be careful because you never know who is who!

- 5 Do you want to know what their day is like? Well, they don't sing all day, but most of it! They get up really early, at 6.30 a.m. because they have to catch the bus to school. They never leave home without² having breakfast. Classes start at 8 a.m. They only have classes in the morning, so they never have lunch in the school canteen. They have lunch at home with their father. In the afternoon, guess what they do after they do homework?
- 10 They sing and sing... They practise new songs and sometimes they write their own lyrics, too. They also post videos with their songs and dance moves on TikTok. At 8 p.m. dinner is ready. They help their mother and after dinner they listen to some music. At 10 p.m. it is time to go to bed. Their day is about to get very busy after winning this prize, but their biggest dream is to continue singing. As their coach Will.i.am says: "They are the *Wonder Twins*."
