Aubree Oliverson is one of the best violinists for her age. She is a very good composer too. She has amazing musical skills which are the result of very hard work and they are also hereditary: her father – Stephen Oliverson – is a talented pianist and composer too.

Aubree and her father form a music duo named *Moon Light*. They spend hours playing and making music together.

Part 2

Hi! My name is Aubree Oliverson and playing the violin is my passion. I love music and playing so much that I get up at 5.30 every morning to practise the violin before going to school. I also practise after school.

Everybody in my family likes music: my father plays the piano and he is a composer too, my brother Andrew, 9 years old, and my sister Lily, 6, play the violin. When I perform my brother and sister sometimes play with me.

Besides music I enjoy swimming, doing gymnastics and spending time with my friends. But when I want to meet my friends I have to plan everything some time before. My life is very busy and I don't really have any free time.

Part 3

At the moment Aubree isn't playing the violin, she is studying. She has a test and she knows that school is very important. She is a very good student.

Her father is in the sitting-room. He is playing the piano. Andrew and Lily are watching TV.

Song: *True friend* – Miley Cyrus

We **sign** our cards and letters BFF
You've got a million ways to make me laugh
You're looking out for me, you've got my back
So **good** to have you around

You know the secrets I could never tell
And when I'm quiet you break through my **shell**
Don't feel the need to do a rebel yell
'Cause you keep my feet on the ground

You're a true friend
You're here till the end
You pull me aside
when something ain't right
Talk with me now and into the night
Till it's alright again
You're a true friend

You don't get **angry** when I change the plans
Somehow you're never out of second chances
Won't say "I told you" when I'm wrong again
I'm so **lucky** that I've found

A true friend
You're here till the end
You pull me aside
when something ain't right
Talk with me now and into the night
Till it's alright again (...)

Interview with Luke and Deborah Everingham

Interviewer: Good-morning! Today we are in the countryside interviewing a very interesting couple. Mr Everingham, a sound engineer, and his wife live in a rotating house with their 2 children: 13-year-old Gabriel and 16-year-old Ben. At the moment we are sitting in front of their house enjoying a wonderful view. Mrs Everingham, how did you have this idea of building a rotating house?

Mrs Everingham: Well, the view here is fantastic: North, South, East, West... wherever you turn, what you see is amazing. So I said to my husband "I don't know which view is the best to build the house. Wouldn't it be great to have a house we could move?"

My husband thought it was a good idea and we started planning it.

Interviewer: Mr Everingham, how long did it take you to plan and build the house?

Mr. Everingham: It took us ten years but we are very proud of it. When we are tired of the view, from for example the living room, we rotate the house and we get a different view.

Interviewer: Yes, it's fantastic! Could you describe your house, Mrs Everingham?

Mrs Everingham: Certainly. Downstairs there are 3 bedrooms, 2 bathrooms, a toilet, a living room, a kitchen and a music room (everybody plays a musical instrument in our family. We love music). Upstairs there is a single large circular room called "The observatory" because it has the best view in the house. It is there that we socialize with our friends.

Interviewer: Was the house very expensive?

Mrs Everingham: No, it wasn't. Many people are surprised when I say this but it is true. This house cost about the same price as a normal house.

Song: *Wonderful world*, Sam Cooke

Don't know much about **History**
Don't know much **Biology**
Don't know much about a **Science book**
Don't know much about the **French** I took

But I do know that I love you
And I know that if you love me too

Don't know much about **Geography**
Don't know much Trigonometry
Don't know much about Algebra
Don't know what a slide rule is for

But I do know that one and one is two
And if this one could be with you
What a wonderful world this would be

Now I don't claim to be an **"A" student**
But I'm trying to be
So maybe by being an "A" student baby
I can win your love for me

Celebrity Day

Part 1

My name is Annie and I'm a new student at Malden High School in Boston. I'm from the UK so when I first heard my friend Susan say: "Hey, Annie, what are you going to wear for Celebrity Day tomorrow?" My reaction was: "What? Wear what? What do you mean? What is Celebrity Day?" So Susan explained it to me:

"It's a special day for Spirit Week. Spirit Week is a special event that happens every year at the end of September or in October. Every day we have a different celebration that shows our school spirit and how much we like our school.

There are lots of fun activities for the students: parades, sports, dances and special days. Celebrity Day is when students wear clothes to look like their favourite singers or actors. I'm going to dress up as Michael Jackson. Come with me. Let's have a look at the Spirit Week Poster. "

Part 2

On Monday we're going to have Celebrity Day.

On Tuesday we're going to have Pyjama Day so you can wear your pyjamas to school.

On Wednesday we're going to have Hat Day: students and teachers wear very strange and colourful hats.

Then on Thursday it's Superhero Day for younger students. We can see lots of Supermen and Spidermen around...

On Friday there's a Special Dance and students are going to vote for the Dance Queen and King. Then on Saturday it's Parade Day and we're all going to wear our school colours. The school music band is going to play and the cheerleaders are going to cheer at the American football game on Saturday afternoon.

See... Spirit Week is a great American tradition! It's going to be lots of fun...

Susan stopped talking and I thought: Well, there's a first time for everything... Even wearing pyjamas to school...

Song: Good life, One republic

Woke up in **London** yesterday
Found myself in the city near **Piccadilly**
Don't really know how I got here
I got some pictures on my phone

New names and numbers that I don't know
Address to places like Abbey Road
Day turns to night, night turns to whatever we want
We're young enough to say

Oh, this has gotta be a good life
This has gotta be a good life (x2)
I say, "Oh, got this feeling that you can't fight"
Like this city is on fire tonight
This could really be a good life, a good, good life
To my friends in **New York**, I say hello
My friends in **L.A.** they don't know
Where I've been for the past few years or so
Paris to **China** to Colorado

Sometimes there's airplanes I can't jump out
Sometimes there's issues that don't work now
We are God of stories, but please tell me

What there is to complain about?
When you're happy like a fool, let it take you over
When everything is out you gotta take it in (...)

Living in the countryside

Today I have an oral presentation. I'm going to talk about my life in the countryside. This is easy for me because I have so many things to say...

I live in a little village in the countryside and I think it's really cool. My cousins who live in Chicago think I must be crazy to enjoy living here but they don't know how good it is to live in my village. First of all it is a healthy place to live in (much healthier than Chicago): there is pure air, no stress, no noise and we eat fresh fruit and vegetables. And here we don't spend hours in traffic jams, people don't have to run from one place to the other and we know our neighbours well. My cousins get up early every day because it takes them a long time to get to school. My school isn't far and I don't have to catch a bus. I ride my bike every day. So I start my day doing exercise.

Well it's true that we don't have cinemas, museums or shopping centres here but I meet my friends all the time at the park or I visit them. Sometimes we have picnics or barbecues; we swim in the river and have parties in the garden.
I love the countryside because it's fantastic to live close to Nature.

Song: *Waving flag (give me freedom), K'naan*

Give me **freedom**, give me fire,
give me **reason**, take me higher.
See the **champions**, take the field now,
You define us, make us feel proud.

In the **streets** our heads are lifting,
as we lose our **inhibition**.

Celebration it surrounds us,
every nations, all around us.

Singing forever **young**,
singing songs underneath the **sun**.
Let's rejoice in the beautiful **game**.
And together at the end of the day,
We all say

When I get older, I will be **stronger**.
They'll call me **freedom**.

Listening tests

Test 1

Part 1

Christopher lives in Worsley **near** Manchester. Manchester is a very big city in England and it's **famous for** its football team, Manchester United. Christopher is twelve years old and he goes to Bridgewater High School in Worsley. He's **quite tall for his age**. He's extremely funny and he makes friends easily. He goes to school **very early** in the morning because his mother drives him before she goes to work in Manchester. She's a computer technician. His father works in a restaurant but he only works in the afternoon and on Saturday.

Part 2

Christopher's favourite hobbies are cycling, **collecting football stickers** and, of course, playing football. He also likes helping his mother with lunch or dinner. His father **can't cook** but Christopher can make his favourite food, hamburger and pasta and his favourite dessert, chocolate cake. Christopher and his parents sometimes go to Manchester **to watch** the football matches because they all love football. When they go to Manchester they usually go in the morning and then they have time **to hang out** at the park or go to the cinema before going to the football match.

Test 2

My Daily routine

Part 1

I'm Lucy Douglas and this is my daily routine. I get up at a quarter to seven every day. I have a shower in my bathroom. Well first I have to wait for my big sister, Kate, because she wakes up **early too**. She takes a very long shower in the morning and when I get up she isn't ready. After my shower I put on my school uniform and then I always make my bed. I make my sister's bed all the time too because she's a bit lazy and my mum is always angry with her.

I go downstairs to have breakfast. My parents are already in the kitchen. My father **drinks his coffee** and my mother drinks her tea. They have toast and marmalade for breakfast. My sister and I have **cereal and milk** because it's easy to prepare.

Part 2

I go to school at **quarter to eight**. I go to school by bus but my sister walks to school because her school is near home. My morning lessons start at twenty past eight. I have lunch in the school canteen with my best friends, Mark and Emily, at half past one. School **finishes** at half past four and I go home. At home I have **a snack** and

play computer games. And then I do my homework in the kitchen. My mother prepares dinner. At seven o'clock my father comes home from work and my sister comes home **from basketball practice**. We have dinner in the kitchen around seven o'clock. After dinner I watch TV with my parents but my sister does her homework. I go to bed at ten.

Test 3

My London tour

Part 1

London is an exciting city. Millions of tourists come to the capital of England to visit fantastic places and admire famous monuments.

I went to London with my family **last July**. We stayed in a very big hotel near Russell Square. The rooms were nice but we didn't really like breakfast. To visit London the best public transport is **the underground** and of course the **sightseeing** bus. I had a tourist guide book with the most important information about the city so it was easy to start our visit.

Part 2

We stayed in London for about seven fantastic days. I took lots of wonderful photos of **great monuments** and places. We also visited lots of museums. They say that the British Museum is the oldest museum in Europe. I really don't know but it's my favourite museum. The Natural History Museum was also very interesting. We also walked in very famous streets like Oxford Street and Bond Street. There were so many people in the shops. There were tourists taking lots of photos and **buying postcards**. We didn't buy lots of things except for T-shirts because London is expensive. One of the most amazing visits was the Tower of London because we saw the Crown Jewels. And of course Big Ben was amazing too. It's a **tower clock** near the River Thames.
