- 1 Read the following web homepage and try to explain why it's called Kids Connect. (na parte de extra)

Welcome to *Kids Connect*, an on-line community for young people from all over the world who share their thoughts and ideas with each other. To post messages and chat, you must be a registered Cyberkid. When you register, you join the Cyberkids Club which is free and has many benefits. After you are a club member, you can participate in member activities such as posting messages, chatting, entering contests and drawings, downloading free software and more.

Are you 12 or under? U.S. law requires that if you are under 13 years of age, then a parent or legal guardian must send us a permission form for you to chat or post messages on our message boards.

- 10 To register, go to the Cyberkids Registration page. If you are under 13 years old, when you finish filling out the registration form, you need to print it out and have a parent or legal guardian sign and return the permission form by fax or postal mail.

Are you already registered? You can log in now.

Questions? You can always e-mail us at sysop@cyberkids.com
